PARAUROLOGIC SEMINAR

THIRD ANNUAL MEETING

Sponsored by
AMERICAN UROLOGICAL ASSOCIATION, INC.
Washington Hilton Hotel
Washington, D.C.
May 25-27, 1972
Ladies and Gentlemen:

On behalf of the American Urological Association, may I welcome you to the Third Annual Paraurologic Seminar. We are most pleased that you have been able to come and that you have shown an interest in continuing urologic education. Urologists and certain urologic industries are eager to provide specialized urologic instruction for the urologic allied health professional; they have enthusiastically supported this program.

The seminar will cover a wide range of topics with special emphasis on urologic health care delivery. The panel discussions will make it possible for you to give special attention to subjects which you find particularly interesting. If you would like the faculty to answer some specific questions during the meeting, utilize the discussion group, the closing session of the seminar, or the special question slips provided in the program may be submitted to the registration desk. They will be answered during the final meeting of the program.

The team approach to patient care is certainly one of the most widely discussed issues in medicine today. The A.U.A. hopes that the interchange of ideas and problems among urologists and allied health professionals, which will occur here during the next three days, will strengthen your working methods and ideas so as to improve the services you render. It also hopes that through educational ventures such as this each member of the urologic team will rise to his own ultimate level of utility and personal fulfillment.

May I take this opportunity to thank each and every one of you for the enthusiasm and personal contributions which have made this seminar possible. We are most grateful, and in return, wish you an enjoyable and professionally valuable experience here.

Sincerely,

[Signature]

REGISTRATION
The registration desk will be open all day Thursday, May 25, Friday, May 26, and Saturday, May 27, on the Concourse Level.

EXHIBITS
All scientific and technical exhibits from the American Urological Associations annual meeting will be available for viewing all day Thursday, May 25, and Friday, May 26. Admission to the exhibits area will be by registration badge only. Exhibits will be located in the Exhibit Hall on the Concourse Level.

The American Urological Association Film Library Exhibit, sponsored by Eaton Laboratories, will be available for viewing urologic motion pictures all day Thursday, May 25, and Friday, May 26, in the State Room on the Terrace Level.

SURGICAL WORKSHOP
Presented under the direction of Dr. Rainer Engle and Miss Linda Kingsbury, John Hopkins University Hospital, Baltimore, Maryland, in the Georgetown Room, East, on the Concourse Level, Friday, May 26, and Saturday, May 27.

DISCUSSION GROUPS
Each group will meet three times for one hour (8:30-9:30, 9:40-10:40 and 10:50-11:45). Decide before registering which three discussion groups you wish to attend and sign up for them at the time of registration. Please see program for Saturday, May 27.

FRIDAY COMPLIMENTARY LUNCHEON
The meeting rooms for these luncheons are listed in the program by A.U.A. Sections. It is expected that you will have lunch in the room of your section. This will afford you an opportunity to meet fellow professionals from your area. Also, it will provide time for a business meeting of your section to discuss possible organization of the section and development of continuing possible organization of the section and development of continuing educational activities and social events with your section.

Guest tickets at $5.00 per person for the Initiation Reception may be purchased at the registration desk.
