FRIDAY - March 27

PRE-CONFERENCE

6:30 am – 6:00 pm
Registration Open

7:30 am – 11:45 am
010: Pre-Conference Session
4 Contact Hours
Cystoscopy Workshop
Brad Hornberger, PA
Heather Schultz, NP
Jackie Smith, RN, MS, FNP-C

This workshop is designed for advanced practice nurses and physician assistants who will begin to perform cystoscopy. Using lecture and hands-on teaching strategies, participants will gain knowledge in identifying normal and abnormal findings in the bladder and indications for cystoscopy. Patient and equipment preparation will also be described. Hands-on experience will expose participants to the care and handling of flexible and rigid cystoscopes and techniques for performing bladder biopsy and stent removal.

Limited to 60 participants

7:30 am – 11:45 am
020: Pre-Conference Session
3 Contact Hours
Pelvic Muscle Rehabilitation*
Diane Newman, DNP, ANP-BC, BCB-PMD

Behavioral treatments are the first-line interventions for urinary and fecal incontinence and overactive bladder and are recommended for related disorders such as voiding dysfunction, bladder pain syndrome/Interstitial cystitis, and urinary retention. These interventions are aimed at improving symptoms through education, lifestyle modifications, and PFM rehabilitation. This course will provide a comprehensive review of pelvic floor disorders and rehabilitation treatments to include biofeedback-assisted PFMT and electrical stimulation. Course participants will practice on the use of instruments as part of the workshop. Breakfast will be provided to paid registrants prior to the start of the session.

*Only full conference attendees can register for this workshop.

Supported by an unrestricted educational grant from The Prometheus Group.

Limited to 40 participants

MAIN CONFERENCE

1:00 pm – 2:00 pm
101: GENERAL SESSION
1 Contact Hour
Recurrent Urinary Tract Infections in Postmenopausal Women – R
Phillipe Zimmer, MD

Evolving pathophysiologic concepts and treatment alternatives in the management of recurrent urinary tract infections in women will be presented.

2:05 pm – 3:05 pm
102: GENERAL SESSION
1 Contact Hour
Integrating Telemedicine in a Urology Practice
Courtney Lord
Jackie Smith, RN, MS, FNP-C

Telemedicine in urology is increasing and this trend is expected to continue over the next few years. One urology office’s experience with integrating telemedicine into their practice will be presented, highlighting billing issues, benefits of telemedicine and the platform utilized. A discussion by a Nurse Practitioner experienced in telemedicine will be included.

3:05 pm – 3:15 pm
Break

3:15 pm – 4:30 pm
103: GENERAL SESSION
1.25 Contact Hours
Advanced Practice Professional Panel
Margaret (Amy) Hull, MSN, RNC, WHNP-BC
Jessica Nelson, MPAS, PA-C
Leanne Schimke, MSN, NP, CRNP, CUNP
Donna Thompson, MSN, CRNP, FNP-BC, CCCN-AP

This professional practice panel consists of four advanced practice providers who will share valuable information about their roles as advanced practice providers, the various clinic environments they work in, and differences in job responsibilities. The panel will include a urology physician assistant and urogynecology nurse practitioner that work in academic medicine, a urology nurse practitioner that works in a private practice, and a continence specialist nurse practitioner that has previously had her own business practice.

4:30 pm – 7:00 pm
Exhibits Open/Reception

Society of Urologic Nurses and Associates is accredited with distinction as a provider of nursing continuing professional development by the American Nurses’ Credentialing Center’s Commission on Accreditation.

SUNA is a provider approved by the California Board of Registered Nursing, provider number CEP 5556.
6:30 am – 5:30 pm
Registration Open

201: GENERAL SESSION
1.25 Contact Hours
Medical Marijuana and CBD: Where is the Evidence? – R
Kimberly Posey, DNP, APRN, AGPCNP-BC, GS-C

This session will update the advanced practice nurses’ current knowledge about marijuana and CBD to allow informed dialogue of patients. Advanced practice nurses need to understand the changing landscape around these products with practical knowledge on legal issues, current research, pharmacological actions and effects including safety and efficacy, potential medical uses, and available preparations.

8:30 am – 10:30 am
Exhibits Open/Coffee Break

10:30 am – 11:30 am
CONCURRENT SESSIONS
1 Contact Hour
211: The FDA and Vaginal Mesh: Where do we go from here?
David D. Rahn, MD

This lecture will briefly detail the series of escalating safety actions by the U.S. Food and Drug Administration (FDA) from 2008 to the present related to use of surgical mesh intended for transvaginal repair of pelvic organ prolapse. Might regulations change again in light of emerging availability of post market surveillance studies (“522 Studies”) and new randomized controlled trials? Most importantly, how should we be counselling our patients going forward?

212: Advanced Prostate Cancer Update: Breaking Barriers – R
Leanne Schimke, MSN, NP, CRNP, CUNP

Advanced prostate cancer treatments continue to evolve with new treatments in the M0CRPC such as darolutamide and apalutamide, precision treatments based on genetic testing including PARP inhibitors and PD-1 immunotherapy. Genetic testing is helping to guide treatment and identify high risk familial genetic traits to help identify appropriate screening for family members.

11:35 am – 12:35 pm
CONCURRENT SESSIONS
1 Contact Hour
221: Pelvic Floor Modalities Involving TENS: What’s the Evidence?
Christy Hegav, MS, APRN, WHNP-BC

Both Electrical Stimulation (E-stim), vaginal and anal, and percutaneous tibial nerve stimulation (PTNS) will be discussed. Use of E-stim for urinary and fecal incontinence, urinary retention, constipation, pelvic pain, and sexual dysfunction will be explored. Indications, contraindications, and evidence will be presented from literature review. Different types of PTNS will be explored and discussed.

222: Neurourology – R
Gina Powley, MSN, ANP-BC

Evidence-based comprehensive evaluation of and treatment for urologic conditions manifested from neurologic disorders including current practice guidelines will be discussed in this session.

12:35 pm – 1:50 pm
230: Lunch (Corporate Sponsored Symposium pending corporate support or lunch on your own)

1:55 pm – 2:55 pm
240: GENERAL SESSION
1 Contact Hour
Enhanced Recovery After Surgery (ERAS) Protocols
Austin Street, MD, FASA

This lecture will set a foundation for understanding of Enhanced Recovery After Surgery (ERAS) concepts and pathways. We will discuss the central tenets of ERAS programs and demonstrate the supporting data for this movement. After establishing basic knowledge, we will expand those ideas to urologic procedures.

2:00 pm – 6:00 pm
Certification Exam
Pre-registration is required. See below for more information.

Saturday, March 28 | 2:00 pm – 6:00 pm
Certification Exam
Preregistration is required. The certification application is available at www.cbuna.org (click on the Certification tab) or call C-NET for details at 800-463-0786. All applications must be postmarked by January 31, 2020.
3:00 pm – 4:00 pm
250: GENERAL SESSION
1 Contact Hour
Transgender Care: It’s Easy!
Joseph Chang, MD
Jennifer Wimberly, MD
This lecture will improve the knowledge, skill, and comfort of the attendee in providing care to transgender individuals. The presenters will review the basics of a clinical pathway and review their experience in providing care to this patient population.

4:05 pm – 5:20 pm
260: GENERAL SESSION
1.25 Contact Hours
Clinical Presentation and Treatment of Bladder Pain Syndrome/Interstitial Cystitis – R
Muriel Borham, MD
In this lecture, participants will receive comprehensive information on bladder pain syndrome/interstitial cystitis (BPS/IC). The latest updates in potential etiologies, management, and multimodal therapies will be discussed.

SUNDAY - March 29
7:45 am – 4:00 pm
Registration Open
8:30 am – 10:30 am
301: GENERAL SESSION
2 Contact Hours
Radiology for the Urology Provider
Gaurav Khatri, MD
Brooke Zilinskas, MMS, PA-C
Almost every urologic complaint is evaluated with data from radiology. In this lecture, we will review the basics of radiology and when to order an ultrasound versus a CT scan versus an MRI. We will then use our knowledge of radiology to discuss some actual case studies that are based on AUA guidelines. This will be an interactive and educational session that should give everyone more confidence to look at the pictures they order!

10:35 am – 11:50 am
302: GENERAL SESSION
1.25 Contact Hours
Dermatology Essentials for the Urology APN – R
Melissa Mauskar, MD
Nearly 1 in 6 women experience undiagnosed and untreated vulvovaginal discomfort during their lives. Urology providers are an important part of the treatment plan for these patients as they evaluate the whole patient, not just the skin. This session will describe the signs and symptoms of vaginal pain, potential causes, risk factors and appropriate treatment, as well as how to diagnose conditions such as genital/vulvar mucosal dermatoses, Steven-Johnson syndrome, lichen planus and lichen sclerosis.

12:00 pm – 1:15 pm
303: Sponsored Luncheon Symposium or Lunch on your own
1:20 pm – 2:35 pm
304: GENERAL SESSION
1.25 Contact Hours
Geriatric Medicine– Pearls and Pitfalls – R
Shelley Bingham, PharmD
This session will discuss the challenges when prescribing medications to older adults, including pharmacokinetic changes, polypharmacy consequences (non-adherence, adverse drug events, inappropriate prescribing/Beers Criteria) and strategies to prevent negative sequelae of prescribed medications.

2:40 pm – 3:55 pm
305: GENERAL SESSION
1.25 Contact Hours
Compounding Formulations for Urologic Conditions – R
Tara Thompson, PharmD, FIACP
This session will provide information about compounded preparations as an adjuvant or alternative therapy to what is commercially available, to gain insight of compounded options for patients who have failed traditional therapy.
