Editorial Philosophy

Urologic Nursing is the official publication of the Society of Urologic Nurses and Associates. The journal serves as the primary journal information source for urologic health professionals practicing in hospitals, clinics, urology offices, extended care facilities, and surgical units.

Published four times per year, **Urologic Nursing** contains original peer-reviewed clinical articles including NCPD features, clinical insights, and professional news on the latest developments concerning the care of urologic patients. **Urologic Nursing's** content is targeted toward its diverse readership – nurses and allied health care professionals.

Coverage & Market

Coverage – National

Market Served – Urologic nurses who work in physicians' offices, clinics, hospitals, and other health care professionals with a primary interest in urologic patient care.
